JAI HO

Jai Haidakhandi Outreach

Is an impulse for renewal, cooperation and love within the international Babaji community. It was born out of the gathering of many devotees from around the world who have expressed an urgent need to support Babaji's hospitals, ashrams and communities worldwide. It is an initiative to promote Babaji's teachings which embraces all religions and spiritual paths.

OUR CHALLENGE

Although they live actively in our hearts, Sri Babaji, and Munirajji have left their bodies and direct physical guidance through them is no longer available. In order to continue and thrive as a spiritual family and global community of diverse people without the presence of a living master, Jai HO seeks to engage and interact in a way that will examine and inspire our activities and structures for a positive future of our community.

To this end, we invite a spirit of radical and far-reaching inquiry and opening of ourselves within the Babaji community.

We are creating for this questioning and conversation, in a spirit of truth, simplicity and love, a platform of relationships, celebrations, collaborations, learning, and on-line presence.

We seek to help focus and support Babaji Ashrams, Centres and interest groups.

JAI HO INVITATION

Jai HO is a big vision and still needs inspired karma yogis to carry one or more projects still waiting to be realised. It has also an aim to gather and involve as many people as possible to help fulfill these objectives.

JAI HO TASKS

1. Next Generation:

To encourage the involvement of younger and next generation people who are inspired to carry on the work into the future both to maintain and improve our ashrams and initiate new projects and ideas.

2. Support, Education and Practices:

To develop resources of teaching and practice that have proven to be effective for individual and community.

To organize visits/tours to ashrams for satsang and bhajans; provide training/support for puja, japa and meditation; offer teachings and share communication skills; facilitate conflict resolution when and where requested;

To explore with Ashrams and Centres how to help with local community needs through local voluntary service projects, and to encourage business opportunities.

3. Communication:

To maintain an internet presence (website, Facebook, etc.); work with the Indian Haidakhandi Samaj to publish and promote the Haidakhandi International Journal, books and material related to Babaji's Teachings; network between ashrams, centres, and devotees, and to encourage increased support of initiatives.

4. International Fund Development:

To support fundraising groups in countries where there are Babaji projects, and allocate funds in accordance with the vision and objectives of Jai HO

JAI HO STRUCTURE

Jai HO is born out of those who initiated and inspired the ongoing Gurupurnima celebrations in Europe since 2004. It was formed as an international compliment to the Indian **Haidakhandi Samaj**. Both exist to be and act in alignment with the sacred Presence of Babaji and to work together. The **Administrative Group** has initiated this project as a charitable/not-for-profit entity.

Jai HO offers cooperation, coordination, support, education and networking functions as an advisory group for **Ashrams, Organizations, Centres and Networks** including Interest Groups for Health & Healing, Education, Sustainable Living, Business and the Arts.

The Admin Group includes:

Gayatri (USA), Jai Anand (Switzerland / Italy), Jamuna (Thailand), Kharku (Thailand), Lok Nath (USA), Mukundi (France), Nan Singh (Australia), Raghunandan (Italy), Raghuvir (Thailand), Ramloti (USA), Rob (UK), Sanjeev (India), Sundar (Switzerland), Vandana (UK)
